Application No.: 10/628,519

Applicant: Gregory A. Ehlers

Examiner: Cristina O. Sherr

Art Unit: 3621

Status: Pending

Applicant wishes to discuss the disclosure of the Ehlers '438 reference with respect to the pending claims in the application. The inventor of the pending application is also the inventor of the cited Ehlers '438 reference. The '438 reference does not disclose the determination at the utility, in real time, of a capacity associated with the delivery of the commodity that may be available for management by activating the energy management program. Further, the Ehlers '438 reference does not disclose measuring the instantaneous rate at which the commodity is being delivered and sending the instantaneous rate to the utility in real time. Finally, the Ehlers '438 reference does not disclose measuring at least one of a rate and a change in the rate at which the commodity is being delivered to the subset of devices after activation of the energy management program.
